### [BRAZZERS.COM - WINNER OF BEST ADULT WEBSITE - 2009 AVN AWARDS!](#)

School is in session and you'll want to grab a front row seat to get an eyeful of the big titted teachers, horny students and slutty babes at the Brazzers mega porn network site Big Tits At School. The theme throughout Brazzers, just in case you've never heard of this 22 site smut arena, is big boobs and bubble butts. These classrooms are not like any you attended as a student, unless you went to Sex-U, Girls Gone Wild College, and all your homework was done for Sex-tra credit (end of obligatory school sex jokes!). You may think the naughty student/teacher sex niche is played out, but before you jump to that conclusion, I would highly recommend you take a spin through this site, because I guarantee you'll be happily surprised at what a great job they've done at making it all X-tremely entertaining. The quirky blend of comedy mixed with all those top-notch bods belonging to the most beautiful and talented chicks (and guys) in the porn world will make this campus worth your time.

With 130 movies (most averaging between 30-50 minutes), there is a lot to learn at Brazzers school. Like, how to fuck like a champ and get that A+ to pass your class (sorry, I promise, no more school jokes!). Brazzers sites are filled with options that make it easy to find your way away around, from A-Z search tools, pornstar bios and interviews, most recent updates across the network, special offers and discounts for members, one of the biggest and most active forums on the web, highest rated scenes, multiple download formats for movies and fast download speeds and much more, making their claim of being "The World's Best Porn Site" a pretty accurate description.

So, let's take a peek into one of their steamy, over-heated classrooms and see what's happening going down. Big Tits At School updates regularly once a week and every movie has a hot and funny scene description. I downloaded two of the latest updates and wasn't disappointed. The first, "Sextra-Curricular XXXcercises", stars the big-titted, stunning and ultra sensuous auburn-haired Sienna West as a Sex-Ed Teacher at B.U.S.T. (Brazzers University of Sexy Techniques). Her co-star is male stud British import Keiran Lee. "Mrs. West" is visiting the class to teach the glasses-wearing nerdy Keiran how to have sex, asking him if he's ever seen a woman's clitoris, showing him where the magic button is located, along with other fine points of good fucking. He's a fast learner! These two really got into it, both totally in the zone, and Sienna West in particular is a great entertainer who stayed in character throughout. She's clearly a seasoned performer and it sure as hell made all the difference. Not to mention the fact that she could suck a golf ball through a garden hose with those thick red lips of hers. Great dirty talk, (this gal can turn a guy on with her phrases), perfect sex scenes all the way through, and members noticed it with their positive comments and high rating of 9.2. She puts him through his paces in her very special, horny, and thorough sex-ed training, and by the end, HE IS A MAN! He even gets to titty fuck her luscious melons (hot hot hot). This is one lucky student. She's very lucky too, having multiple orgasms which look pretty authentic. I loved it at the "climax" when she asked him if something was "getting ready to explode". Whew! Running time was around 50 minutes, so you definitely get your money's worth. The setup of the scenes at Brazzers adds to the spicy foreplay, sexual tension and comic build-up so it's all good, especially for those of you who appreciate a bit of scripted action to enhance the overall feel. All movies come with HQ (high quality) photo galleries and screencaps that track the video, in Zip file and slideshow format. There were 1000+ screenshots and 1143 photos for this movie. That's a lot of pics, more than I usually see in galleries, so you'll be able to get a good look at anything you missed. The pics are not huge but are more than acceptable resolution.

The second scene previewed was a threesome entitled "Brazzers Expose", starring Jenaveve Jolie and Audrey Bitoni as two big titty schoolgirls and Jordan Ash as their fellow student who needs some extra credit to save his failing grade. His professor notices Jordan's Brazzers T-shirt and suggests he do a report to the class about Brazzers (of course not realizing it's a porn network!), hilarious setup. Jordan makes his biggest mistake when he tells the class that "you can't find girls with big tits like that in school". Oh yeah? These slutty big boob gals set out to prove him wrong! They take this insult personally! What ensues is a three-way fuckfest as Jordan stacks those pussies like a sandwich and fucks 'em good. Hot lesbo action, pussy licking, fingering, and great BJ action featured here. The girls are stunning and will make your mouth (and other things) water. One rather odd and amusing element of this movie is the rather large bruise Jordan

Ash has on the side of his leg. He must've fallen off a pussy and hit the floor hard before this scene. Maybe that's why they call it hardcore, huh? I didn't find it a turn off, more of a weird turn on! Obviously, it didn't turn off the Brazzers members, either, because they gave the scene a ton of positive comments and rated it 9.6/10. It was deserving of the high marks, particularly for the pussy stacking! The HQ picture gallery and screencaps contained over 1500 photos, all available in Zip file and slideshow.

At Big Tits At School, you'll see a variety of scenarios, from busty dominating teachers, slut co-eds, threeways, foursomes, even a food fight in the cafeteria leading to wild sex. And as you might expect, there's plenty of those plaid schoolgirl skirts, white knee socks, cheerleaders and endless cleavage, plus lots of desks made for fucking on, in, over or under. But the strong point of the Brazzers network is the creativity and entertainment value of what they do here. Yes, there are other school sites on the Net, but these girls are hardcore slutty yet fun hoes ready to get down and dirty. There's a reason Brazzers was voted Best Website by AVN (Adult Video Network), for 2009 - they have made a commitment to doing quality work and hiring the sexiest and biggest titty girls in the business.

Let's get to the tech stuff - all movies have a trailer to view before downloading in streaming or full download in WMV, MPEG1, MPEG4 or iPod/PSP. In addition you can download in 1 min or 5 min clips, great for watching just the juicy bit that grabs your attention. You can add a partial video to your favorites, and also use the links/pics after every video to find the girls at other sites in the Brazzers network. They've really thought of everything here to make your experience great. Each scene has Categories of keywords that let you know what sex actions are featured (i.e. titty fucking, facial, threesome, etc). You can click on the words and find other scenes that also feature those activities.

So, what's not to like about Big Tits At School? Nothing, judging from the scenes I watched. My one minor quibble with the network is that I'd like to see Brazzers expand their pool of male talent somewhat, as there's a bit of overuse of some of the guys (gee, poor overworked studs!), but it's tough to find good male talent, and only a chick notices the guys anyway, right? So, all is forgiven as long as they continue to keep up the quality and quantity of their output.
